

Shimizu sensei je zadnji in najbolj priljubljen učenec ustanovitelja aikida Morihei Ueshibe. Shimizove izredne izkušnje so vzcvetele v Tendoryu šolo aikida, za katerega so značilni široki, naravno harmonični, tekoči in čisti gibi.

Shimizu Sensei is the last "uchideshi" apprentice of the founder of Aikido Morihei Ueshiba. Ueshiba taught him as the youngest and most loved student. Shimizu sensei's outstanding experience blossomed into the Tendoryu Aikido, which is characterized by its large and clear movements, emphasizing naturalness and harmonic flow of motion.
